

# DYNO TUNING SPEC SHEET EFI

*Please complete this form as best you can. If a condition or part is stock or not applicable, please answer accordingly. West Bend Dyno Tuning, LLC cannot be held responsible for incorrect vehicle information used during the calibration process.*

## Section 1 - Customer Information

Customer Name: \_\_\_\_\_

Email: \_\_\_\_\_

Contact Info - Cell: \_\_\_\_\_ Home: \_\_\_\_\_ Work: \_\_\_\_\_

## Section 2 - General Vehicle Information

Year: \_\_\_\_\_

Make: \_\_\_\_\_

Model: \_\_\_\_\_

Color: \_\_\_\_\_

VIN: \_\_\_\_\_

Fuel type and octane: \_\_\_\_\_

Fuel level at upon arrival: (CIRCLE) F  $\frac{3}{4}$   $\frac{1}{2}$  E

*(Please be aware, fuel level should be FULL. If additional fuel is needed to complete the calibration process, you authorize West Bend Dyno Tuning, LLC to add fuel to your vehicle at a cost of fuel PLUS \$55.00 for technician labor.)*

What engine management system do you have? \_\_\_\_\_

Vehicle PCM code (when applicable): \_\_\_\_\_

Engine manufacturer and type: \_\_\_\_\_

Engine displacement: \_\_\_\_\_

Engine compression: \_\_\_\_\_

Date of last oil change: \_\_\_\_\_

Brand and type of spark plugs: \_\_\_\_\_

Spark plug gap: \_\_\_\_\_

Date of last spark plug replacement: \_\_\_\_\_

Date of last air filter service: \_\_\_\_\_

Transmission: (CIRCLE) auto / manual

Does transmission have aftermarket torque converter or clutch? (CIRCLE) YES / NO

If yes, what brand and type? (i.e. Edge 3000 or Centerforce Twin) \_\_\_\_\_

Rear end gear ratio: \_\_\_\_\_

Tire size front: \_\_\_\_\_

Tire size rear: \_\_\_\_\_

Does the vehicle have a modified exhaust? (CIRCLE) YES / NO

If yes, please list brand and type in detail. \_\_\_\_\_

Have any emission components been modified on your vehicle? (CIRCLE) YES / NO

If yes, please specify. \_\_\_\_\_

Does your vehicle require passing the State Emissions Test to renew your license plate? (CIRCLE) YES / NO

Does the vehicle have an extra o2 bung for data logging air / fuel ratio? (CIRCLE) YES / NO

*(Please be aware, if you do NOT have an extra o2 sensor bung, you authorize West Bend Dyno Tuning, LLC to install an extra o2 sensor bung for data logging purposes at a flat rate cost of \$60 for parts and labor)*

Have your factory O2 sensors ever been replaced? (CIRCLE) YES / NO

If yes, how long ago were the sensors replaced? \_\_\_\_\_

### Section 3 – Fuel System

Fuel injector brand and size: \_\_\_\_\_

Fuel pump brand and size: \_\_\_\_\_

Please list any other Fuel System Upgrades: \_\_\_\_\_  
\_\_\_\_\_

Date of last fuel filter service: \_\_\_\_\_

### Section 4 – Power Adders

Does the vehicle have any power adders? (CIRCLE) YES / NO

*If NO, you may skip Section 4-7*

### Section 5 – Camshaft (s) *(You may skip the camshaft section if not applicable)*

Camshaft brand and part number *(if unavailable, please list camshaft specs below)*: \_\_\_\_\_

Camshaft specs: \_\_\_\_\_  
\_\_\_\_\_

## Section 6 – Nitrous *(You may skip the nitrous section if not applicable)*

Single or multi stage nitrous: \_\_\_\_\_

Nitrous shot size: \_\_\_\_\_

## Section 7 – Forced Induction *(You may skip the forced induction section if not applicable)*

Type of forced induction: *(CIRCLE)* TURBO / SUPERCHARGER

Boost controller: *(CIRCLE)* MANUAL / ELECTRONIC / NONE

If ELECTRONIC, what brand and model? \_\_\_\_\_

Target boost level: \_\_\_\_\_

Does the vehicle have an intercooler? *(CIRCLE)* YES / NO

## Section 8 – Water Methanol Injection *(You may skip the water / meth section if not applicable)*

Brand of water meth injection: \_\_\_\_\_

Ratio of water meth in tank: *(i.e. 70% water / 30% alcohol)* \_\_\_\_\_

Is the water tank full? *(CIRCLE)* YES / NO

*(Please note, water meth level should be full. If additional water meth is needed to complete the calibration process, you authorize West Bend Dyno Tuning, LLC to add water meth to your vehicle at a cost of current market price PLUS \$3.00 per gallon.)*

## Section 9 – Additional Information

Has the factory thermostat been replaced? *(CIRCLE)* YES / NO

If YES, what is new thermostat brand and temperature? \_\_\_\_\_

What type of Mass Air Meter is on your vehicle? \_\_\_\_\_

Has the Mass Air Meter been moved from its factory location? *(CIRCLE)* YES / NO

If YES, what is the new location? \_\_\_\_\_

Does your vehicle have a MAF extender? *(CIRCLE)* YES / NO

What is the base ignition timing set at? *(When applicable)* \_\_\_\_\_

Has the Intake Air Temperature sensor been moved from its factory location? *(CIRCLE)* YES / NO

If YES, what is the new location? \_\_\_\_\_

Have you removed the intake manifold runner control system? *(When applicable)* *(CIRCLE)* YES / NO

Do you want Displacement on Demand (DOD) deactivated? *(When applicable)* *(CIRCLE)* YES / NO

Do you want Skip Shift eliminated? *(When applicable)* *(CIRCLE)* YES / NO
